## **1. INTRODUCTION**

### **1.1 Application**

The selection policy, process and procedures outlined in this document apply to all Softball WA (SWA) players, who are participating in any selection process undertaken to select a SWA representative squad or team, and any other group specifically targeted to represent SWA in some capacity.

### **1.2 Responsibility**

1.2.1 The Representative Teams Committee (RTC) is responsible for overseeing the application of the selection policy and due process.

1.2.2 The RTC is assisted in this responsibility by the Chairperson of the Board. The Board of SWA at times will delegate responsibility in ensuring compliance with the policy and process outlined in this document to the appointed convenors of selectors. It should be noted that at all times the Board of SWA is responsible for the overall compliance by coaches, managers, statisticians' players, and selectors.

1.2.3 The RTC is responsible to the SWA Board.

### **1.3 Purpose of the selection policy and operational guidelines document.**

The purpose of this document is to clearly outline the policy, operational process and procedures that apply to the selection of players to participate in a specific event.

This includes both male and female players of all ages. These players could be selected for a squad or team group, or they could be selected as a special invitee for a special event for example – training camps, special coaching events, special tournaments, 'one-off' opportunities to play against visiting international teams.

### **1.4 All policies must be adhered to regarding selection to trials. All nominees and officials are to be notified of all training/trial dates and times. This policy recommends that a minimum of four academy or development sessions are conducted prior to the commencement of trials. At the conclusion of the academy/development trainings and at the discretion of the Head Coach and selectors a squad will be advised to attend the trials. There is a minimum of three and a maximum of five trials to be conducted.**

### **1.5 Application of the policy and process**

Consistent and conscientious application of the policy, operational process and procedures outlined in this document will help ensure the following:-

1.5.1 Transparency for all stakeholders who are involved in the selection process.

1.5.2 Improved communication and understanding between stakeholders.

1.5.3 Improved planning and execution associated with all aspects of selection;

- 1.5.4 Flexibility to respond to selection situations in a fair manner.
- 1.5.5 Facilitation of analysis and review of the selection process to ensure quality, consistency, and stability between all the selection events that are undertaken by SWA in a given season.

## 1.6 Definitions

- 1.6.1 The word 'selection' refers to the process that is undertaken and the procedures that are followed within the constraints of the policies outlined in this document, which allow SWA to identify a limited number of individual players, capable of performing to a certain standard, and capable of performing in the team-based environment of softball.
- 1.6.2 The word 'best' is often used with respect to selection – for example 'the best player'. Please be aware that in this example the word 'best' is a subjective estimation of the worth of a player, against a set of criteria that relate specifically to softball. It may also relate to a player's ability to undertake or fulfil a specific role in a team environment, or to perform to a specific standard, at a specific event.
- 1.6.3 'Selection Event' refers to any formal softball event that is observed by a member of the selection panel, which can be utilised for the purpose of making an informed selection decision. Where possible selection events will be identified prior to the commencement of the formal selection process. A selection event will include the relevant trial process for each age group.

## 1.7 Preamble

- 1.7.1 Softball is a complex, multi-faceted game, with a variable game environment which impacts on performance. Although the type of attributes that affect performance can be defined (as selection criteria), it is impossible to objectively define a set 'standard' for these criteria, relative to successfully performing in a specific event. Consequently, the process of selection requires a selector to subjectively weigh up, assess and define what they believe the standard of an individual player is, against the criteria. This is a subjective decision tempered by the experience and expertise of the selector.
- 1.7.2 Consequently, subjectivity will always remain an unavoidable element of selection. However, the processes and procedures outlined in this document aim to help overcome any of the more undesirable elements of subjectivity in selection, such as bias, prejudice or lack of expertise. Many layers of procedure have been counteracted prior to a final selection decision being made.

## 1.8 Selection Objectives

1.8.1 The primary selection objective is to select the best available players.

1.8.2 The secondary selection objective is to recognise the potential of athletes across all of WA to participate at national competition level standard and to assist those athletes to achieve their individual potential at national and international levels.

## 1.9 Situations outside of Selection Policy

Situations outside of this selection policy are to be on application. Any requests for exemptions outside this policy will be reviewed and considered by the RTC.

## 2. SELECTION PANEL APPOINTMENTS

The RTC is responsible for appointing the Chairperson of selectors and the Selector appointments.

2.1 Applications for people with appropriate expertise will be called for every two years for the selector positions. These appointments are for a two-year period with an annual review.

2.2 For the purpose of selection, the relevant team Head Coach is automatically part of the selection panel.

2.3 When necessary, the coach will have the final approval on team selection (except where there is an acknowledged conflict of interest). Where there is a recognised conflict of interest, this must be noted in a conflict register to be managed by the Chairperson of the RTC.

2.4 It will be a requirement for selectors to attend all trials dates as set down by the Head Coach and selectors will be encouraged to attend other events including high level games and other premier competitions held throughout WA.

## 3. SELECTION PANELS

For all state and representative team selection trials the selection panel will consist of three selectors which includes the Head Coach and two (2) independent selectors which is appointed by the selection panel. (if only able to attain one (1) independent selector the Assistant Coach maybe sort to have input).

For all Softball WA Development team selections including the WA Futures U14 Boys and Girls Teams, the selection panel will consist of three (3) independent selectors plus the Head Coach.

#### 4. CONFIDENTIALITY REQUIREMENTS

- 4.1 All members of a selection panel will be required to sign a SWA Confidentiality Agreement.
- 4.2 Selectors and coaches will not discuss selection matters outside official selection meetings and any trials without the express permission of the convenor of selectors. Contravention of the Confidentiality Agreement will lead to removal from the selection panel.
- 4.3 Selection panel members will be required to declare any conflict of interest in relation to the player selection process they have been assigned to. A register of conflicts will be managed by the Chairperson of the RTC. The conflicts register will be available for review by SWA Board.
